

POSTER GUIDELINES

POSTER PRESENTATION:-

- All posters of accepted abstracts should be rolled up in the designated area between 1.30 pm – 2.30 pm on July 11th, 2023, for postgraduates' presentations and between 1 pm- 2 pm on July – 12th 2023 for undergraduates presentation, respectively.
- Authors should be available in the designated area 10 minutes before the start of their poster session and attend the whole poster session to answer questions, elaborate on the content and take part in discussions and must be wearing the official conference badge.
- Accepted abstracts will be grouped by topic. The author will be notified by the code number of his poster via e-mail.
- Poster material is restricted to thin glossy colored poster paper or cardboard.
- One certificate will be granted for poster activity participation to the presenter with all authors' names written down on the poster.

POSTER PREPARATION GUIDELINES (Postgraduates and undergraduates students):-

- Size of all posters should be A0 (841mm width x 1189mm height).
- The poster should be printed in a portrait layout.
- All texts on the poster should be in the English language.
- At the top center of each poster, you should post a label stating the title, authors, and author affiliations in large letters. The name of the main presenter should be bold and underlined. The logo of the conference as well as the poster code number should be inserted on the left side, while the logo of the institution of the presenter is inserted on the right side.
- The poster should include an introduction, purpose, methods, and results, as well as illustrations (e.g., figures, tables), conclusions and recommendations, acknowledgments (if applicable), and references.

College of Pharmaceutical
Sciences and Drug Manufacturing
A college accredited by "NAQAAE"

POSTER GUIDELINES

- Illustrations and texts should be visible from at least one and a half meters away. A font size of 36 or larger is recommended. A handwritten copy is not acceptable.
- The poster should be understandable without oral explanation. Crowded posters with too much information are difficult to read. Try to use white spaces between sections. Make sure that every item in your poster is necessary.
- The poster must be provided with roll-up support for the presentation.
- **The poster for undergraduates should involve the names of the supervision committee & the department code.**
- **The poster for postgraduate should contain a QR code indicating author emails.**
