Good Health and Well-being

HEALTH IN THE SDG ERA

3.3.3: SHARED SPORTS FACILITIES

The "Community-Centric Sports Facilities Sharing" at MUST shares its sports facilities with the local community. Specifically, it makes sure the availability and accessibility of MUST's sports facilities to local communities, the public, and other community groups. This shows the degree to which the university actively encourages and supports this sharing, underlining its commitment to community engagement and well-being. At MUST we believe that a sound mind is in a sound body, therefore we tend to enhance our students' and general public capabilities by providing them with the necessary sports activities. On the campus, we have the country's best athletics facilities. We have squash, Table Tennis, tennis, basketball, handball, volleyball, and a huge football court. Our courts attract the public to practice sports and join teams to become professional players. Also, we have Gold's Gym, which is the most recognized name in fitness. The gym includes an aerobics area in addition to the equipment.

Sports Areas access to Public

The university provides a number of playgrounds like; Squash, tennis, basketball, handball, volleyball and a huge football palygrounds.

Those squash, table tennis, tennis, basketball, handball, volleyball, Gold's Gym, and huge football palygrounds are available for students, publics, sports academies, including: Koura Misr, Al Hilal Club, Junior, Atletico Madrid, Fit 11.

Booking playgrounds is avilable to the public without restrictions, all they have to do is go book through the MUST Sports center at campus or through an application .Below is the Application link.

(3) MUST Sports center contain a booking office for reservations of all facilities and has indoors Table Tennis and squash courts. (4) one of two football playgrounds (5) Gold's Gym available for staff, students and Public. (6) Volleyball, Handball and Basketball Playground right next to the football playground

- **Participation in the Universities and Higher Institutes Championship 2021/2022.**

In Accordance with our commitment to make our sports spaces open and available to local schools and universities our university team participated in the Universities and Higher Institutes Championship. The football team at the Misr University for Science and Technology achieved a well-deserved victory over the Chinese University team with a score of two goals to one in the quarterfinals of the Universities and Higher Institutes Championship (Sector Five). With this victory, the Misr University of Science and Technology team advances to the round of four in the tournament. It is noteworthy that the Misr University of Science and Technology team had won two matches against the Arab Academy and the Canadian Institute, which contributed to its reaching this stage. - **Table tennis tournament.**

The beginning of the New Year (2022) was a great opportunity to host a table tennis tournament in the university table tennis hall. Under the patronage of Dr. Mohamed Omar, the university dean, and Dr. Hala El Menoufy the faculty dean, the college of dentistry organized a table tennis tournament which is the first of its kind in the history of the college. The tournament took place on Saturday, 1/1/2022, and many guests and students competed throughout the day. The event was under the organization of the student union members and the supervision and refereeing of the sports committee in the university (fig 3). [Click here](#) for details.
