

College of Pharmaceutical  
Sciences and Drug Manufacturing  
A college accredited by "NAQAAE"

**PG 707**

## **COURSE DESCRIPTION:-**

Upon successful completion of this course the students should be able to know guidelines for prescribing herbal drugs based on the pharmacological properties of these drugs including therapeutic uses, mechanism of action, dosage, adverse reaction, contraindications and drug interaction. It allows the students understand pharmacotherapeutic principles applied to the treatment of different diseases, pharmacovigilance and rational use of drugs. Also, the students should understand the basis of complementary and alternative medicine with emphasis on herbal remedies, nutrition supplements, homeopathies, and aromatherapy.
