Requirements for Transfer Students (from other universities)

- Transfer students must meet admission standards, including obtaining a High School Certificate with a score that complies with the Supreme Council of Egyptian Private Universities regulations for the relevant year.
- To apply, students must submit certified transcripts from an authorized university that include detailed course descriptions, credit hours, and grades.
- After being officially accepted into the university, students will need to provide a letter from their previous university proving their withdrawal from the university.
- The Ministry of Higher Education must approve the transfer of courses, and they must be substantially similar to Misr University's courses in terms of both content and quality.

Important Remark:
